

How's your health?

Take your Health Assessment Tool to find out!

Progress reports are an important part of work or school. They let you know where you stand and point you in the right direction.

The Healthy Lifestyles Well-Being Assessment (this is your Health Assessment Tool or HAT) is a progress report for your life. Find out where you stand by answering questions in six key areas:

- 1. Life Evaluation** looks at your life today and five years from today.
- 2. Emotional Health** checks your stress level and other emotional concerns.
- 3. Physical Health** considers health conditions and daily energy.
- 4. Healthy Behavior** explores your diet, exercise, tobacco and alcohol use.
- 5. Work Environment** assesses how happy you are with your job.
- 6. Basic Access** evaluates your food, shelter, health care, personal safety and satisfaction with where you live.

Your well-being score will speak to your past, your present and a healthier future. Then, own your number by setting goals to boost your well-being in the coming year.

Log in to Healthy Lifestyles at anthem.com today to take your HAT. If you haven't signed up yet, now is the time to get started.
